PROJECTA
Screens for Professionals

Suggested specifications

Portable heavy duty projection where the Carpeted Floor Screen is positioned in a Floor Stand on the floor. The screen pulls up from the case with reduced spring tension for easy raising and lowering. To have black masking borders standard on flame retardant and mildew resistant fibreglass fabric, mounted on a ball bearing rigid steel spring roller. Fabric to be permanently attached to roller. To have 21-gauge (0.724 mm) steel case with flat back design. Black industrial grade carpeted case withstands the nicks and scratches of frequent use and transportation. To have heavy-duty end caps concealing roller ends with steel inner plates to support roller and provide added case strength. End caps shall form sturdy brackets for wall or ceiling installations. Bottom of screen shall be formed into pocket holding tubular metal slat. A steel pull bail shall be attached to the slat. The ends of the slat shall be protected by heavy duty plastic caps. Bumper stops shall be built into case to prevent slat wedging inside case. A 182 cm pull cord with plastic knob is included. The Floor Stand needs to be ordered separately with the purchase of a Carpeted Floor Screen.

Screen surfaces

Matte White; Gain 1.0, viewing angle 120º, Flame retardant, max. heigth 244 cm, max. width 244 cm

Dimensions (Select one of our standard sizes and enter the required quantity)
